Professional Experience

Landscaping (Self-Employed)

Part-Time (June 2018 – Present)

- Mowed and edged lawns, installed mulch, removed snow and thatch, and utilized a variety of landscaping/lawn care techniques to meet the requirements of projects
- Worked at numerous local properties throughout high school (and as needed in the present)

Construction Worker (Henline Construction, LLC)

Full-Time (Summer 2022 and 2023)

- Assisted with various projects including roofing, siding, window and door installation, framing, and concrete among others (installed roughly 50 square of siding and 500 square of shingles and roof underlayment)
- Learned about proper safety procedures in multiple scenarios on job sites, especially when installing shingles on steeper pitches and using different kinds of saws/tools
- Had the privilege of helping frame a 4,000+ square foot home from start to finish in the summer of 2023

Campus Leadership

Hillsdale College Men's Basketball (NCAA DII)

- Balanced a rigorous academic course load with 20+ hours of weekly athletic-related events
- Communicated with professors and completed assignments while traveling for contests
- Developed effective teamwork and communication skills while interacting with coaches and teammates
- All-GMAC Academic Award | Athletic Scholarship Recipient

Hillsdale College Investment Club

- Served as a junior analyst in the Hillsdale College Investment Club in the Valuations Sector
- Learned about ratios and other tools for evaluating a corporation's financial statements and studied strategies for intelligent investing

Hillsdale College Accounting Club

- Learned about career outlooks related to accounting through panel discussions and job fairs

Other Projects

Data Analytics Accounting Project

- Performed financial analysis of the balance sheets and income statements of two large corporations in Excel, created pivot tables based on revenues, expenses, and profit percentages, and visually presented data values

Mortgage Amortization Financial Project

- Utilized Excel formulas to calculate a mortgage payment, determine principal and interest amounts for individual payments, and create a proper loan amortization schedule for the life of the loan. Analyzed PITI within the amortization schedule, and determined how different scenarios would affect the principal of the mortgage.
